Transportation Permission for a Minor

Youth's Name

Transportation to and from NAME OF ORGANIZATION, activities and events can often pose a challenge for many young people and their guardians. Thankfully, carpooling with Youth Leadership group members is often an option. In order to ensure the safety of members and to keep in tune with the wishes of the youth's parents/guardians, we require that a youth have written permission to carpool with other Youth Leadership group members.

This form grants permission for the CYI member in your care, the option to ride with specific council member to the specified Youth Leadership group meetings, activities or event listed.

If you have questions, please contact your Connected Youth Initiative representative.
